- We have enter into the greatest wealth transfer in history. An estimated \$59 trillion divided among heirs, charities, estate taxes and estate closing costs will be transferred from 116 million American households from 2007 to 2061. Without some financial and estate planning a significant amount of these assets will be wasted; much of the remaining assets may not go to the right person(s) or organization(s), and or may not be used as intended.
